

# New England State Issues December 2023

**Massachusetts** – [SB 1056](#) would, among other provisions, require a minimum of 100 square feet per dog for outdoor enclosures and ban the kenneling of any dog outside unattended for more than 5 hours or from 10pm to 6am. AKC opposes the measure as introduced. [Read more.](#)

**Massachusetts** – In response to dog injuries and deaths at dog day care facilities, [HB 2019](#) and [SB 1309](#) have been re-filed as “Ollie’s Law” and would impose requirements such as staffing ratios for boarding, training, dog day care, breeding and personal kennels. They would authorize animal control officers to inspect and tell you how many dogs you are allowed to own and enforce a new “personal breeder kennel” license for anyone with more than 4 intact female dogs over 6 months who transfers any offspring. Personal breeder kennels and commercial breeder kennels would be held to the same future regulations. They had a hearing in the Joint Municipalities and Regional Government Committee on September 26 and remain pending. Details are in AKC’s [alert](#).

**Massachusetts** – [HB 314](#) would provide consumer protections at dog day care businesses and is supported by multiple animal welfare organizations, including AKC. It has been referred to the Joint Municipalities and Regional Government Committee which held a public hearing on September 26 and remains pending.

**Massachusetts** – [SB 1311](#) would eliminate from current law text that exempts from pet shop licensure any person selling, exchanging or otherwise transferring the offspring of their personally owned animals. It has been referred to the Joint Municipalities and Regional Government Committee which held a public hearing on September 26 and remains pending. Read AKC’s [alert](#).

**Massachusetts** – [HB 2102](#) and [SB 1059](#) would expand the current model of issuing civil fines for neglect of dogs to other domestic animals and send fines collected to the Homeless Animal Prevention and Care Fund instead of the General Fund. The bills have been referred to the Joint Municipalities and Regional Government Committee and were discussed at a public hearing on September 26 and remain pending.

**Massachusetts** – [SB 876/HB 1367](#) would prohibit housing authorities and certain housing agreements from discriminating against tenants based upon the size, weight or breed of dog owned. They also prohibit insurance companies from discriminating based

upon dog breed and have been referred to the Joint Committee on Housing. AKC supports these bills, which had a public hearing on September 26 and remain pending.

**Massachusetts** – [SB 1311](#) would eliminate from current law text that exempts from pet shop licensure any person selling, exchanging or otherwise transferring the offspring of their personally owned animals. It remains pending after a September public hearing in the Joint Municipalities and Regional Government Committee. Read AKC's [alert](#).

**Massachusetts** – [HB 2102](#) and [SB 1059](#) would expand the current model of issuing civil fines for neglect of dogs to other domestic animals and send fines collected to the Homeless Animal Prevention and Care Fund instead of the General Fund. The bills had a public hearing in the Joint Municipalities and Regional Government Committee on September 26 and remain pending.

**Massachusetts** – [SB 876/HB 1367](#) would prohibit housing authorities and certain housing agreements from discriminating against tenants based upon the size, weight or breed of dog owned. They also prohibit insurance companies from discriminating based upon dog breed and have been referred to the Joint Committee on Housing. AKC submitted supportive testimony for the September 27 public hearing. The bills remain pending.

**Massachusetts** – [HB 801](#) would eliminate a 48 hour facility quarantine requirement when animals are imported from neighboring states for resale or imported directly to permanent or temporary Massachusetts foster homes. Massachusetts foster homes are volunteers, not per se health experts. AKC believes HB 801 may reduce compliance and increase the risk of communicable disease spread to Massachusetts animals and citizens and testified in opposition at the November 8 Joint Committee on Environment and Natural Resources' public hearing.

**Massachusetts** – [HB 747](#), [HB 826](#), [SB 549](#), and [SB 550](#) would require Massachusetts licensed pet shops or future pet shops to only provide the public with dogs and cats sourced from animal shelter or rescue organizations. In AKC's experience, the number of puppies produced by responsible breeders does not satisfy demand. Shelter and rescue animals are not the best option for every family that wants a pet. AKC issued [an alert](#) and testimony was provided in opposition to these bills at the November 8 Joint Committee on Environment and Natural Resources' public hearing.

**New Hampshire** – [HB 1102](#) relative to the definition of animal cruelty will be introduced on January 3, 2024, and referred to the House Environment and Agriculture Committee. It would make the sale of animal that has a “birth deformity” that causes suffering, such as brachycephaly, or the intentional breeding with the intent to sell, two individual animals with the same “birth deformity” that causes suffering, such as brachycephaly; a crime. [Read AKC’s alert for more information.](#)

**New Hampshire** – [HB 1173](#) would authorize seizure and a court order to issue a euthanize any dog that has attacked a human being or a domestic animal which resulted in the puncture or tearing of skin, two or more times within a 12 month period.

**New Hampshire** – [HB 1117](#) would create a committee to study the protection of business operators against requests to accommodate customers with fraudulent or untrained service animals.
